

Product End-of-Life Instructions

Product Range: Rail Rack Kits

Marketing Model/Name: (List of multiple models if applicable)

Rack Rail Kits – SURTRK(X), SUA31/32(A), RWRTRK, NECRTRK, AP9625.

Purpose:

The product family must be disposed according to the legislation of the country. This document is intended for use by end of life recyclers or treatment facilities. It provides the basic information to assure an appropriate end of life treatment for the components and materials of the product.

Note :

This product family is not in the scope of EU directive 2002/96/EC, Waste Electrical and Electronic Equipment (WEEE).

Size in mm: **44 x 527 x 89**

Weight in kg: **between 1.8 and 6.2**

Operations recommended for the end of life treatment

There are several steps to process the products at the end of life so as to recover components, materials or energy :
Reuse → Separation for special treatment → Other dismantling → Shredding.

The components of the products that optimize the recycling performances are listed, identified and located hereunder.

Disassembly Instructions:

1. Remove electronic and other equipment from the rack and the rack rail kit per the manufacturers' instructions. '
2. Disassemble remaining rail kit and place into the appropriate recycling waste stream.

Rack Rail Kits product range consist of the following typical parts: (1) galvanized and plated steel components, (2) powder-coated steel components and (3) miscellaneous hardware (fasteners and bumpers).

Recommendation	Number on drawing	Components	Weight (Kg)	Comment
